Bill Otten:

DNR hosted Rogue River State Game Area Compartment Review on 3/29. Jessie and Bill attended via Microsoft Teams. The RRSGA is facing use pressure due to its proximity to GR. In 2019 removed 8000 lbs of trash & tires. 75% of trash was from target / shooting range areas. Target / shooting areas have been closed. Reintroducing Oak, eliminating the planted pines. There is farming / share cropping on the SGA. Farmers required to leave 25% of crop standing as food for wildlife. Is there an opportunity to team?
